**SMART  
PUBLIC TOILET**

## About SOILET

Smart Public Toilet (Soilet®) is such a product developed by Wellness Dunya Industries, with the aim of providing sustainable and hygienic public sanitation with the use of advanced automation methodologies. Soilet® resolves operational bottlenecks faced in Public Toilet Management by the application of smart technologies. Soilet® has best in esthetics interiors with hydrophobic coating to address Saudi conditions and touch-free operations. Soilet® are designed with an aim of giving a world class experience in public toilets with IoT, robotics and e-wallet enabled.

## SOILET Technology

### Remote Monitoring

Remote operation monitoring to ensure better and timely service: Soilet® sends data of its operation and status to a remote database which is available for multiple applications like SCADA software, operational analysis software, and mobile toilet finder. The data transmission using GPRS/3G networks ensures proper maintenance and service and its monitoring from different levels of supervisors.

### Toilet Finder App

Public toilet finder to find toilets in real time with its operational status: The real benefit out of this information and communication technological advancement in the modern world stands worth when it really benefits the users – general public. This mobile app will be freely available to public which is boom to travelers without having much knowledge in local languages to find out a clean and hygienic Soilet® nearby. They can know the current status of it from the mobile app.

## Why SOILET ?

### Intelligence

The intelligence embedded in Soilet® keeps it clean, in spite of careless usage.

### Power Cleaning

We have used a unique technology with automated mechanism to clean the floor.

### Automated

It is commonly observed in public toilets that people tend to damage the door handle.

### Protection

Stainless steel 304 grade facades of walls and roof, and 316 grade 2mm stainless steel sheets.

### Material

The fabrication of the body is done with utmost care to make it tamper-proof and rust-proof.

### Self Cleaning

Though everyone takes care of maintaining hygienic toilets at their homes.

## Payment Methods

The access to SOILET is controlled by multiple payment methods.

Coin Payment

Card / Cashless

QR Code

## What is SOILET ?

Soilet® is a self maintainable public toilet which has self-cleaning mechanisms. It saves the cost of operation and maintenance of public toilets by almost 90 percent by deploying new public toilet servicing methods. Pay-per-use public toilets are not only effective at places where there is heavy flow of people like markets, parks and public places . But highways and city outskirts are the places where public toilets are most required. But it is not possible to maintain these toilets with 24/7 human resources methods as there will not be many users all the time. Here Soilet with its unique self cleaning mechanism, vandal proof design, luxurious interiors, high level of hygiene and low operational cost become effective way to offer this service to travelers.

## Accessories

### Sanitary Disposal Unit

- An efficient system providing a discrete and robust disposal facility for sanitary napkins. Hygienic, easily washable, and vandal-resistant stainless steel design open to the service room.
- MultiAngle hooks
- Durable stainless steel hooks, designed with safety in mind providing a curved finish, special angle, and no sharp edges
- Manual Tower Bolt Inside
- Stainless steel tower bolts inside to lock the toilet door manually with a durable design and no sharp edges.
- Mirror
- Glass or optional world famous Aramula metal mirror can be provided inside.
- Eastern and Western Style Pan
- Soilet®s normally have Indian-style stainless steel polished toilet pan mainly due to hygienic touchless usage in public toilets. Wellness Dunya Industries can provide European pan as requested.
- Stainless Steel Faucets / Mud
- Health faucets are easy to tamper so we included normal law height tap and mug inside Soilet®s.

## SOILET Features

### Smart Performance

Soilet® is equipped with the classic blend of most advanced cutting-edge technology.

### Contactless
